new action of the Law, nevertheless they have come and seem interested. Lord Michael is magnetizing the discarnates, and millions of them have already gathered.

Sanat Kumara is now entering, and everybody rises. He carries, amazingly, the brazier in which is held the Three-fold Flame for the Earth. This He puts within the Liberty Flame on the Altar and then takes His place in the center of the audience with two of the Kumaras on each side. The Lord Buddha has not yet arrived. There must be a Cosmic reason for this which, no doubt, the Maha Chohan will explain later.

I must leave you now to take My place in the activity of the evening, and I trust that you have enjoyed My endeavors as a 'commentator' in giving you a picture which I hope will live long in your memories. I thank you.

While We are yet in the radiation of the Retreat which is under the direction of the Chohan of the Third Ray, Beloved Paul, the Venetian, I would like to point out to you that the activity and service of this particular Ray is to develop Brotherhood, Tolerance and Understanding in their widest and most spiritual sense. The Beloved Venetian is empowered through this Ray to assist to understanding every lifestream who wishes to rise above the separateness which forms the ceiling of the consciousness of the masses, and to help them cultivate a sympathy with and an understanding of the people with whom they come in contact, that, through understanding, they may be assisted, each one, in the development of their own God-Mastery. We are, therefore, continuing, in a measure, the activities that formed the basis of the thirty-day period in the Retreat in Kashmir, in emphasizing the tenets of World Brotherhood and the Fundamental Truths which lie as a basis beneath all the evolved religions of the human race.

In the Western Hemisphere there are less Third Ray men embodied than in the East. However, there is a quality and nature that must be encouraged, particularly through those who desire to assist great numbers; that is the faculty to develop the Flame of sincere interest in one's fellowmen. I, therefore, encourage, with great pressure and feeling, the direction of the consciousness toward this Retreat and this Chohan, that the chela might know and feel the spiritual aspirations within

the souls of those who might come to them for assistance.

No man comes into the full powers of his own being until he has become Master of the vibration of the Third Ray in tolerant understanding, diplomacy and tact, which is the Gift of this Chohan to all who seek Him.

On the evening of the Transmission Activity (September 19, 1953), We began the actual creation of the permanent forcefields around the Sanctuaries and Homes of those who participated in the drawing and direction of the Liberty Flame around the Earth. When I say 'forcefield', I would like to describe to you exactly what I mean in order that you may be able to participate in increasing both the size and quality of that forcefield for any specific service.

The Rays of Light directed from the heart, governed, more or less, by the nature of man, have a natural periphery, and the circle created by the outer edge of these Rays forms the forcefield of such an one. An intense dynamic person has a forcefield of greater size than a lethargic person. An individual who has become cognizant of the Three-fold Flame within the heart, and who has learned the control of the balanced breath, also has a larger forcefield than the uncontrolled and undeveloped man.

All of the energy from the physical and inner bodies that reaches out to this imaginary circle or periphery is called his SPHERE OF INFLUENCE, and affects all the life that comes in contact with the quality of the vibration flowing through this forcefield at any given moment.

In a spiritual activity, when a group of individuals gather together, they combine the energies of their lifestreams, and a great artificial forcefield is created made up of the cooperative energies of all who are gathered there. The nature of the leader and the amount of qualified energy such an one draws forth through song and decree, visualizations and rhythmic breathing, determine the amount of efficacy that this forcefield can render Us in conveying qualified Flame representing a particular Virtue or Gift which We see will benefit a locality at any given moment. Naturally, when a group disperses, this great artificial forcefield is returned to the universal, and it is the Office of the Builders of Form and the Angels of Ceremony to recreate it at each class or meeting as the case may be.

Because of the service which We desire to render through the Transmission Groups, We have asked for permission to sustain the forcefield which is builded of the rhythmic breathing, visualizations and group activities of the Transmission Centers. The Cosmic Law required that We wait certain months to see if the students would be constant in attending the classes and show continued enthusiasm in becoming a bridge over which the Flame would ride to encircle the Earth. We have now been given that Grant, and the night of the last Transmission Class, the forcefields created by each Group Activity were each ensouled by a Deva, an Angel, or a Builder of Form who has agreed to remain within it and represent the heartbeat while the individual students who have made it up return to the ordinary course of their daily living.

The importance of this from a spiritual stand-

point cannot be over-estimated for it provides for Us, over all the landed surface of the Earth, certain conductors already harmoniously qualified and permanently pulsating, through which, at a given moment, a Flame of Protection, of Balance, of Peace, Healing or Power may flow to give assistance to a locality which We, with the inner sight, see will require more than ordinary assistance by the Watchers.

If you will be so kind as to give conscious acknowledgement to these forcefields when you next enter within your group activities, you will see that the expansion of your spiritual stimulus, individually, will be greatly benefitted because, rather than having to re-build the stimulus through the group activity, it will be a gathered and sustained momentum from meeting to meeting.

The Beloved Silent Watcher of Our planet, the Elohim, and the Beloved Lord Buddha, from Cosmic heights, anchored into those forcefields a small Three-fold Flame which is the pulsebeat within the keeping of the Deva or Angelic Form, and as the Flame encircled the Earth, each time it went around, it was as though it burst and blanketed the Earth with sheet-lightning - north, south, east and west - from every such center. It was the first time in the rhythmic encircling of the planet that the Flame, as It touched these forcefields, continued to explode and give this sheet-lightning effect - each explosion larger than the one before, and all releasing the Liberty Flame into the inner consciousness and inner bodies of the race, the chelas, and the elemental kingdom as well. Because of the creation and sustenance of these forcefields, it will be possible to keep this rhythmic motion going continually throughout

the thirty-day period, and it will not cease until We enter the new vibratory action of Hilarion's Retreat at the close of the cycle.

This date will be remembered as it is the beginning of the establishment of the Transmission Centers to carry the Sacred Fire - which Qualified Life is the redemption of all energy, of substance and vibration. This accomplishment marks a milestone for Us.

Blessings and Love,

MAHA CHOHAN

I now consciously enter into and abide within the Heart of the Sacred Fire which is the True Center of my being. "I AM" now centered and I remain within the Heart of the Sacred Fire and I speak and command with authority.
